

## GUALALA PUBLIC MEETING QUESTIONNAIRE

The following survey may be similar to surveys done in 2009-2012 for the Downtown Gualala Preliminary Project Study Report (2012 Gualala Plan), but Caltrans would like to understand how the current community feels about the proposed project and what elements you are interested in. The project currently proposes to enhance the streetscape on Highway 1 by including bicycle lanes, crosswalks, a central turn lane, four median islands, and sidewalks. There are two alternatives being considered: Alternative 1 eliminates street parking in front of the Surf Market to make room for a bike lane and sidewalk; Alternative 2 keeps street parking in front of the Surf Market and eliminates the bike lane and sidewalk.

Please answer the following questions:

1. What is your relationship to the community of Gualala? Circle all that apply.

Resident

Property Owner

Business Owner

Sea Ranch Resident

Point Arena Resident

Other (please explain):

2. What do you like and/or dislike about the current plan proposal? Which project alternative do you prefer? Please Explain.

3. Which sidewalk option do you prefer (see poster for visual)?

Option 1  
8' sidewalk,  
no vegetation

Option 2  
6' sidewalk with  
vegetative strip

Option 3  
6' meandering sidewalk  
with vegetation

4. If planters are included in the project, there would be some maintenance required. Would you be interested in volunteering to help maintain (weeding, watering, etc.) any proposed planters? If yes, please include your contact information on the back.

Yes

No

Maybe

5. The 2012 Gualala Plan describes that the four median islands would have a transversable (mountable) curb and no vegetation so that emergency vehicles would be able to drive over them. Is this something that you agree with?

Yes

No

Neutral

6. There is an opportunity for decorative designs on the median islands that could reflect community identity and enhance the visual character of Gualala. Is that something that you would like to see? Are there any designs, themes, materials, and/or colors that you are interested in? Examples: waves, sunset...

Yes

No

Neutral

7. If the median islands have a decorative treatment, would you like to be a part of their design process?  
If yes, please include your contact information below.

Yes                      No

8. What do you envision a Gateway Element into Gualala to be, and where?

9. Would you want to see bollard lighting along the sidewalk in Downtown Gualala? If yes, are there areas of higher importance?

Yes                      No                      Neutral

10. In past meetings, a parking distribution issue in Downtown Gualala was discussed. Are there any locations that you think would be good for formalized off street parking?

11. At the southwest end of town, there is a large gravel pullout area. Do you foresee any issues with creating a formalized parking area there?

Please include your contact information below for any further question or involvement:
